Mobile: \_\_\_\_\_ E-mail: \_\_\_\_\_

Facility Location:

Address: \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

General location description:

\_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_

Tax parcel: \_\_\_\_\_

Latitude: \_\_\_\_\_ Longitude: \_\_\_\_\_

Ground elevation (AMSL): \_\_\_\_\_ Support structure height (AGL): \_\_\_\_\_

Support structure description:

\_\_\_\_\_

\_\_\_\_\_

Are additional co-location positions available on the support structure? \_\_\_\_\_

(If yes, specify height of each additional position, identify any providers occupying each additional position or whether such positions are vacant and available)

## **APPLICANT'S CERTIFICATIONS**

The applicant represents and certifies that the following are true and accurate:

- That the applicant has not constructed, or modified any wireless telecommunication facility on or after the effective date of this Ordinance without the approval of Moore County or, if it has done so, that it has ceased operating and has removed all aboveground portions of such facilities (not including any part of the foundation).
- The proposed wireless telecommunication facility complies with and at all times will be maintained and operated in accordance with all applicable Federal Communications Commission (FCC) rules and regulations with respect to environmental effects of electromagnetic emissions.
- All improvements constructed as part of the wireless telecommunication facility shall comply with the Uniform Building Code, National Electrical Code, Uniform Plumbing Code, Uniform Mechanical Code, Uniform Fire Code, and structural standards of the Electronic Industries Association/Telecommunications Industry Association, where applicable.
- If the applicant has previously supplied the Moore County Ordinance Administrator or his/her agent(s) with a copy of its FCC license (or if the applicant is not an FCC licensee, with copies of FCC licenses for each wireless provider occupying the facility), that such FCC license(s) remains valid and in full force and effect.
- The applicant will provide co-location facilities for functionally equivalent services per the Ordinance requirements at usual and customary commercial rates for the duration of time the facility is in operation.
- A Federal Aviation Administration Determination of Hazard has not been issued for the proposed wireless telecommunication facility.

(Note: This application shall not be deemed complete until the applicant makes each of the above certifications by the signature of its authorized representative on this application)

## **ATTACHMENTS**

This application shall not be deemed complete unless accompanied by the following:

- Copy of applicant's FCC license. If the applicant is not a FCC licensee, the applicant must submit a copy of each service provider's FCC license and a copy of the applicant's executed lease(s) with the FCC licensee.

- Certificate(s) of Insurance demonstrating a minimum of \$1,000,000 in general liability insurance.
- Executed copy of lease requiring applicant to remove all above-ground wireless telecommunication facilities (not including any part of the foundation) no later than ninety (90) days after cessation of operations.
- An application for a new or additional telecommunication tower, or for an increase in tower or alternative structure height (not including the height of a co-locating antenna), a bond or other security acceptable to Moore County in the amount of \$5,000 to secure any expenses for consulting services Moore County may incur to evaluate this application.
- Facility Maintenance/Removal bond or other security acceptable to Moore County as follows:
  - \$10,000 for a new or additional telecommunication tower, or increases in tower or alternative structure height (not including the height of a co-locating antenna).
- Complete list of the names, and addresses of the property owners to be notified per Article X1, Section 3 (A)(6)(b)(1&2).
- A landscape plan that complies with the Moore County Wireless Telecommunication Facility Zoning Ordinance.
- Letter of Intent agreeing to make all of a service provider's wireless telecommunication facilities (including existing facilities) within the jurisdiction of the Wireless Telecommunication Facility Ordinance available to providers of functionally equivalent services at usual and customary commercial rates.
- Executed lease for the proposed site that allows the landowner and/or the applicant to enter into leases or subleases with other wireless service providers for co-locating antennae and appurtenant equipment.
- Copy of completed FAA form 7460-1, Notice of Proposed Construction or Alteration, and any FAA responses thereto.
- Evidence that all public and private airports within a 5 mile radius of proposed tower site have been notified of the proposed tower.
- Site development/preliminary tower design plans that comply with the provisions of the Moore County Wireless Telecommunication Facility Zoning Ordinance.

- Evidence that the FCC has reviewed and approved the application for National Environmental Policy Act (NEPA) compliance.
- Application fee as follows:
  - \$2,500 for a new or additional telecommunication tower, or increases in tower or alternative structure height (not including the height of a co-locating antenna).

The Ordinance Administrator or his/her agent(s) shall advise the applicant of such additional information deemed necessary or appropriate to process or evaluate this application.

### **ENDORSEMENT**

The applicant certifies that all statements, certifications and representations supplied in this application are true and correct and that the person signing this application is duly authorized to execute this application and otherwise to act on the applicant's behalf with respect thereto:
